Responsive website

The design of this website was inspired by both online and real-life components.

The background style of the site was inspired by the tags that are printed in merchandise.
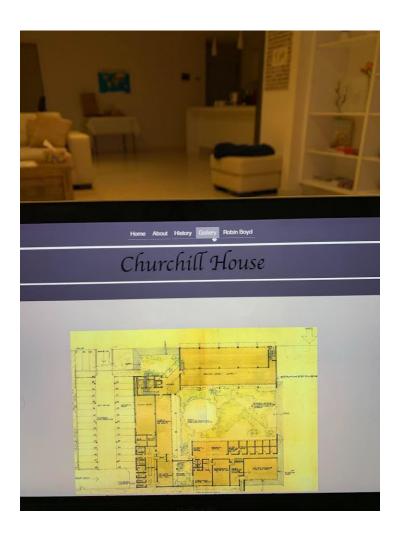

The navigation section of the page was inspired by an image that was stuck in my head.
 The transparency of the header, the

 background of the images and the footer were inspired by the header on this web site:

https://www.apple.com/au/?afid=p238%7CsC3RgJSPK-dc_mtid_18707vxu38484_pcrid_271681152885_pgrid_13939506022_&cid=aos-au-kwgo-brand--slid---+apple-b-product-
